

**IN THE SPECIFICATION:**

Please replace paragraph [0018] with the following amended paragraph:

[0018] The spectral bandwidth of the optical feature of interest in the optical element 72 is significantly greater than ~~the rate of~~ that of those induced by the change of the polarization ~~[[of]]~~ in the polarization changing device 28. That is, the polarization changing device 28 ~~changing~~ changes polarity ~~slowly~~ quickly: ~~[[Such]]~~ such a ~~[[slow]]~~ quick change corresponds to a narrow spectral bandwidth.
